Bing The Magic King stood looking at an aquarium while on a visit to an oceanarium.

Suddenly three fish shot past.

*“Gosh! Playing with them would be a blast.”*

Suddenly with a BING and a BANG  
and a ZING and a ZANG...

Bing The “Fish” King was zipping along with delight, only to find every fish had disappeared out of sight.

If only he had realised they weren’t running a race. They were speeding toward their hiding place.
